Pasajeros	12
Camarote de invitados	6
Construido/Refit	2005/-
Astillero	Nautitech Shipyard

Comentarios: Its sleek line makes it different from any other catamaran. This is the guarantee that you are on a real yacht whose seaworthiness is beyond reproach. Its thin hulls do not prevent there being an impressive amount of space, due to the cockpit and saloon being on the same level. What is most impressive when you climb aboard for the first time, is the huge saloon looking to the exterior, its U-shaped and spacious galley and the panoramic view. It is certainly one of the finest catamarans on the market. Built in Lorient, it has been the subject of constant improvement. The standard version has 4 double cabins and 2 fore peaks which can be fitted out, allowing berths for 12 people. The optional “Exclusive” finish also gives greater comfort and aesthetic quality to your boat, such as teak cockpit, high quality outdoor upholstery, alcantara, top-of-the-range finish.
