**Comments:** The newest member of the power fleet, the Leopard 51 Powercat, brings with it a multitude of exciting features, including a sleek design, a large forward cockpit, additional lounging areas, an expansive flybridge and a completely redesigned interior upgraded with modern appliances.

Drawing upon the success of the Leopard 47 PC, this contemporary catamaran is economically efficient, using less fuel than previous models. She also incorporates a brilliant ergonomic layout that makes maneuvering around your yacht comfortable and easy.
