## GARCIA 70 - 4 cabins version (2002)

Garcia

Located: France

**Comments:** A superb blue water sailboat signed by naval architects Michel Joubert & Bernard Nivelt for an experienced and exigent owner who wanted a unique product.

Manufacturing with the highest standard from Garcia Shipyard in Normandy, the most renowned French shipyard for the quality of aluminium and wood working.

All the boat has been detailed designed by the architects, the interior design, the shipyard and the first owner to obtain the best in terms of speed, short handing, comfort when at sea and at anchor, real benefits of the Center board lifting keel.

Joubert and Nivelt designer has created a strength line mono-hull with incredible shape. All the know-how of the French yard sums up in this vessel.

Insulated for warm/cold seas and sound with 5cm of Styrodur up to 50 cm below the floating line.

Delivered in 2002, this Center board vessel is also very performant cloth to the wind and accept to be pushed back to the wind due to his speed hull.

Full painted deck and new teak in 2016, this **Garcia 70** benefits from a full equipment for all type of navigations. Nothing has been missed.

Inside accommodations has been created in pear wood which give all the quality of this 4 cabins.

Boat in pristine condition after his important refit in 2016, fully equipped with many equipments very recent.

Ready to sail now, no work needed.

A rare opportunity not to be missed!
