**TAKE TO THE SEA..... LEAVE THE PROBLEMS BEHIND !**

*Creating a new model such as the SEVENTY 7 within an already very extensive range was a challenge. Lagoon, with over 30 years' experience and nearly 4,000 catamarans built, wanted to take up this challenge to fulfil the wishes of owners in search of another dimension.*

*The SEVENTY 7 marks an important step towards a world in which luxury and refinement are the watchwords.*

*Lagoon brought together an illustrious team for the design of its flagship:*

*- VPLP, the French naval architects with the most awards in the world of racing multihulls and also the most experienced in cruising multihulls;*

*- Patrick le Quément, the internationally renowned designer;*

*- Nauta Design, the Italian interior design firm that operates in both the production boat universe (a partner of Lagoon since 2010) and the world of superyachts of up to 600'.*

*A grand Lagoon is not simply a larger Lagoon; it's another concept, another dimension, a Lagoon belonging to the world of superyachts. A challenge, given the extent to which this universe embodies conventions that had to be incorporated, adopted, without abandoning the generosity and friendliness that are characteristic of Lagoon.*

*The starting point is life on board. Sailing, living on board, is a succession of moments spent in company with people that you like. We imagined what these moments might be according to the various types of use: family boating, friends, charter... But also how to accommodate the presence of the crew that such a vessel requires.*

*We gave the SEVENTY 7 the DNA of a superyacht with a design that visually proclaims our quest for excellence.*
