Owner version 3 cabins or Charter version 4 cabins available

Engines : 2x 45 to 2x 57 HP

Number of berths: 6 to 12 (with single berths in forepeaks & convertible salon)

The **Lagoon 46** has an unparalleled interior volume for a 46 feet catamaran.

This new model offers 40 m² of living space in the hulls, with major innovation the size of her outstanding forward cabins identical as the aft cabins!

The 46's centred rigging comes directly from VPLP design's research and its more than 30 years' experience at the peak of multihull ocean racing. Better performance:

- Bringing the mast further aft reduces the length of the boom, increases the mainsail aspect ratio and thus its efficiency.
- The foretriangle incorporates a jib for sailing to windward as well as several downwind sails.
- Centring the masses limits pitching and eases the boat's motion.
- The reduced size of the boom facilitates handling.
- The large jib sail is self-tacking, so there is no need to touch anything when taking!
