The **Lagoon 40** holds the attention by his strong personality.

- Lagoon's next-generation rig is designed to make yachting a real pleasure:

 - Self-tacking jib and shorter boom for easy manoeuvring.
 - Large foretriangle allowing a variety of sail types to guarantee great performance in all conditions.
 - Mainsail with a tall and high aspect ratio delivers greater efficiency by taking advantage of cleaner, less turbulent winds at the top of the rig.
 - Centred positioning of the rig significantly reduces pitch, enhancing performance and comfort.
