Overview
This is not a standard production Astrea.
This 2019 Fountaine Pajot Astrea 42 Maestro (Owner's Version) has been privately owned, never chartered, a
for off-grid cruising and comfortable liveaboard use.
Designed as a true cruising platform, she offers high autonomy, low maintenance, and excellent onboard comf
on marinas or shore power.

Key features
- Never chartered – private ownership
- Professionally installed off-grid electrical system (Victron)
- 2,150W solar & 1,320Ah lithium battery bank
- Generator-free operation of all onboard systems
- Dual alternator charging system (redundancy)
- DC-DC converters for lithium charging safety
- Major upgrades completed in 2024–2025
- Proven liveaboard cruising platform

This Astrea stands out from typical charter or production boats through its professionally engineered energy sy
designed for autonomy, redundancy, and reliability. The boat comfortably powers all onboard systems – includi
watermaker - without the need for a generator.
Each engine supports independent charging via DC-DC systems, ensuring safe lithium operation and full syste
is a simplified, highly efficient setup that reduces maintenance while delivering true off-grid capability and onbo
