SWISS CAT 55 (2024)

Swiss Cat Yachts

Located: France

Comments: Swiss Cat 55 – Hull No. 01 "Available for Sale"

A rare opportunity to acquire a brand-new, one-owner performance bluewater catamaran
The **Swiss Cat 55** is a high-performance **cruising catamaran** conceived by renowned naval architects François Perus and Romain Scolari (Yacht Design Collective), in collaboration with Marco Amadio, Christian Paulish. Every line of her hull has been drawn with one goal in mind: a perfect balance of speed, safety and ease of handling, even in demanding offshore conditions.

Design & Performance
With her powerful, modern silhouette — sharply raked bows, a low chine and a low hard-top — the Swiss Cat 55 is instantly recognisable and unmistakably Italian in her craftsmanship. Retractable daggerboards deliver upwind performance closer to that of a fast monohull while allowing access to shallow anchorages, and the carbon mast, synthetic standing rigging and carbon reinforcements in all high-load areas keep weight low and centred for exceptional stability underway. The sail plan — self-tacking jib, 110% genoa and gennaker, together totalling over 100 sqm upwind and up to 160 sqm downwind — is fully manageable by electric winches, making the yacht ideally suited to shorthanded sailing by a couple or small crew.

Key Specifications

- LOA: 16.90 m
- Beam: 8.20 m
- Bridge deck clearance: 1.00 m
- Saloon headroom: 2.10 m
- Cabin headroom: 2.00 m
- Displacement: approx. 22.5 t
- Sail area (upwind): 101.2 sqm
- Self-tacking jib: 58 sqm / 110% genoa: 70 sqm / Storm jib: 28 sqm
- Gennaker: 160 sqm / Spinnaker: 250 sqm

Interior
Below decks, the Swiss Cat 55 offers a bright, spacious and luxuriously finished interior, with fine wood joinery, an inverted glazing scheme for shade and a full 360° panoramic view from the saloon table. The layout, cabin configuration and interior styling can be fully customised, in keeping with Swisscat's build philosophy of tailoring every yacht to her owner.

Construction & Pedigree
Built by Top Marine Construction in Italy, a yard recognised for its meticulous craftsmanship, the Swiss Cat 55 combines cutting-edge composite construction with old-world attention to detail. This exclusive Perus design has already established itself as the yacht of choice for owners seeking the rare combination of speed, comfort and refined luxury on long-distance passages.

Hull No. 01 - This Yacht
Launched in May 2024, Hull No. 01 celebrated her world premiere at the Cannes Yachting Festival in September 2024. Owned from new by a private Swiss owner, she is now offered for sale as her owner retires from active sailing — presenting a rare chance to acquire a virtually new example of this exceptional design.
