Comments: An Exceptional Sailing Catamaran Combining Elegance, Comfort and Offshore Performance

Built by the prestigious French shipyard Construction Navale Bordeaux (CNB), the Lagoon 67 is a 20.60-metre luxury sailing catamaran designed by internationally renowned naval architects Marc Van Peteghem and Vincent Lauriot-Prévost (VPLP).

A true benchmark in the world of luxury cruising catamarans, the Lagoon 67 set new standards in design, redefining the concept of space, comfort and sailing performance. Her elegant lines, generous living areas and outstanding seaworthiness make her particularly well suited to extended bluewater cruising.

FUERTE III (ex LEVANTE) stands out as one of the most luxurious and refined examples of the Lagoon 67 ever built. Her semi-custom construction, sophisticated interiors and extensive equipment reflect the exceptional attention to detail that went into her design and outfitting.

Meticulously maintained by her owners and professional crew, FUERTE III is reported to have retained an excellent standard of presentation and maintenance. She is now offered to a discerning buyer with a passion for distinctive sailing yachts, seeking the perfect combination of exclusivity, comfort and the pleasure of sailing.

With her impressive 10.92-metre beam, expansive living spaces and comprehensive offshore cruising equipment, FUERTE III offers remarkable versatility. She is equally suited to private ownership for extended bluewater adventures or to luxury crewed charter operations.

FUERTE III represents a rare opportunity to acquire a prestigious large sailing catamaran, combining the renowned craftsmanship of CNB with the exceptional naval architecture of VPLP, at a particularly attractive price point compared with more recent yachts in this category.

A truly distinctive yacht for passionate sailors seeking elegance, space, performance and the authentic experience of luxury sailing.
