Commentaires: The Nautitech 54 meets the demand growing for boats over 50 feet planned for long cruises, crossed or real leaving. So we designed this boat for these programs and to affirm our desire to always improve our boats either by speed, safety and comfort Its main characters: - A tense hull for speed and comfort at sea - A sleek designs for aesthetics - Improved comfort and a modular facilities - The declination in several versions (3.4 or 5 cabins) - Innovations in technology and design In a word, a vessel made to live and navigate.
